

Online admission process details**Department of chemistry****Selection process**

Selection will be based on the online interview and interaction about the subject. GATE/NET qualification is mandatory along with first class in M.Sc. Chemistry (for Gen/OBC, while 5% relaxation is there for SC/ST). Overall academic performance will also be looked at.

Timeline/interview schedule:

We propose June 24 for the interview. It will start at 10 am. Each candidate will be given time slots previously (mock interaction will be done) for the online mode (Google meet/Skype etc.).

Dos and Don'ts for students:**Dos**

1. Ensure that you have participated in a mock call session before the actual interview for the applicant to ensure the audio-video set up is ready. You may skip this session however, in case of any issue during the actual online interview time slot, IIT Dharwad will not consider a plea for any extra time or chance to again appear for the interview.
2. Ensure that the place from where you are attending the interview is conducive for effective interaction online.
3. Accessing any technical resource (notes, book, internet, including peers or mentors) is not allowed during interview unless explicitly mentioned by the committee
4. Have paper and pen or pencil calculators handy for any rough work.
5. In case your area has scheduled power outages please alert us ahead of time in case your interview time slot coincides with that.
6. Ensure that equipment is charged to avoid power issues.
7. In case you have requested any modification post submission of the application, quickly (within 20-30 secs) remind the interview panel about the change.
8. Put your microphone on the mute when examiner speaks.
9. Join the call 5 minutes before the scheduled time via the given "Google meet" link.

Don'ts:

- a. Avoid windy noisy surroundings during interview
- b. Do not record interviews in any form. Any such act will be considered as violation of the pledge you signed online and may invite punitive action from IIT Dharwad.
- c. Do not ask about the schedule of the results. It is better to use interview time for other better inquiries as the results will be declared online as soon as possible.
- d. Do not leave your place in front of the camera for the entire duration of the interview.
- e. Do not have anyone else around you. Any interaction with someone else other than the interview panel during the interview will be considered as a suspicious activity.

Note - For any matter related to the selection process, the decision of the selection committee would be considered as the final decision.
